

Fluoride Varnishing Program Reimbursement Guide for Pediatricians

Program Objective

The overall goal of the program is to provide oral health exams and age appropriate anticipatory guidance to every child enrolled in New Jersey Family Care and referral to a dentist by **age one**.

Effective, July 2012, pediatricians participating in New Jersey Family Care Program are eligible for fluoride varnishing application reimbursement. Please follow this guide below for more information on Medicaid-MCO claims procedures for each of the insurance plans

After completing the fluoride varnish procedure the office should provide a referral to a dental home for a follow-up visit can be made. Primary Care Providers will be provided with a list of participating dentists along with contact information. For a copy of NJ Smiles Directory follow this link: <http://www.aapnj.org/showcontent.aspx?MenuID=1536>

Benefits

All children aged 6-months to 7-years are eligible to receive two fluoride treatments per year from primary care providers and an additional two treatments per year from dentists.
