MEET YOUR PPC HUB TEAM...

Peter D. Ganime, MD graduated from Tulane Medical School in New Orleans, Louisiana. After completing an internship at Philadelphia General Hospital, he was a resident in Adult Psychiatry at Eastern Pennsylvania Psychiatric Institute. He then completed two years of Child Psychiatry Fellowship at the Medical College of Pennsylvania, which was interrupted by his being called to active duty in the United States Army Medical Corps. He was stationed at the US Military Hospital at Ft. Campbell, Kentucky where he was Chairman of Psychiatry. He completed his term of service and was discharged with the rank of Major, and was awarded the Army commendation Medal for Meritorious service. After completing his fellowship in Child and Adolescent Psychiatry, he received additional training in medical and psychiatric care of individuals with developmental disabilities in an NIMH program at Harvard University and the McClain Hospital in Boston, Massachusetts. Dr. Ganime is certified by the American Board of Psychiatry and Neurology in Adult Psychiatry (1993) and in Child and Adolescent Psychiatry (1994). He also received certification in Forensic Psychiatry in 1996. He is a member of the clinical faculty of Robert Wood Johnson School of medicine with the rank of clinical assistant professor and he has taught medical students and child psychiatry fellows. He has worked as a consultant with the juvenile justice system and in residential treatment programs for children and adolescents, as well as maintaining a private practice in adult, adolescent, and child psychiatry. He has also presented conferences at APA and AACAP meetings in the USA and Canada. His special interests include pediatric psychopharmacology, ADHD, mental health needs of pre-school children, and diagnosis and treatment of individual with developmental disabilities.

Kristine Lubas, LCSW, holds a Masters in Social Work from Monmouth University with a concentration in clinical practice with children and families. She currently serves as the Clinical Program Manager for the Pediatric Psychiatry Collaborative at Jersey Shore University Medical Center and St Peter’s University Hospital. In this role, Kristine oversees the operations of several service locations of the program. Kristine has served as the Team Leader for a youth Intensive Outpatient Program that provides clinical services to youth exhibiting at risk behaviors and high mental health needs. In addition to working with adolescents, Kristine has experience working with individuals across the lifespan including the transition to end life care. She has provided emotional support to patients and families regarding changes in health status. Kristine also worked on a multidisciplinary team of physicians, nurses, rehab staff, and community providers to meet care needs of patients and their families.

Lauren Daly, LAC, NCC, is a Mental Health Specialist for the Pediatric Psychiatry Collaborative (PPC) Monmouth and Ocean county Hub. Lauren is well experienced in working with families and their children who are experiencing both behavioral and or psychological problems. Prior to the PPC Lauren worked for the community YMCA as a Mental Health Clinician. In this role, Lauren worked directly with the kids in elementary schools under their Young Peoples Program providing psychoeducation to the kids and their families. Lauren has a Masters in Clinical Mental Health counseling, is a licensed associate counselor as well as a nationally board certified counselor.
